Troy, N. Y., 11.—There was a murder here this afternoon, and per haps two more, growing out of the strike of moulders at the malleable iron works. About 4 o'clock the police were sent for and after dispersing a large crowd and arresting three young men, found one man dead from a pistol shot and two men wounded. The persons charged with firing the fatal shots are non-union men and were engaged in the row. A great crowd followed the officers with a determination to lynch the men who did the shooting, but were kept at bay. Superintendent Quigley, who was soon on the scene, ordered the crowd to stand back, whereupon the excited crowd attacked him, knocked him down and were choking him when some of his men rescued him. The entire detective force and five patrolmen went to the scene of the murder and will remain there during the night.

Chicago Liquor Licenses,

Chicago, 11.—At a meeting of the city council to-night an attempt was made to evade the provisions city council to-night an attempt was made to evade the provisions for high license in the state law for the present year. If it finally goes into effect, under the existing city ordinance, the saloon heenses will become due on July first, and as a new law would, if passed, be in effect at that time, saloon keepers here would have to begin paying under it at once. To prevent this an ordinance was introduced in the council to-night making a saloon incense due and payable on the last day of May each year. An attempt was made to pass it under a suspension of rules and only lacked two of the necessary two-thirds vote. A special meeting was called for Thursday night when a bare majority can pass it. There is no doubt entertained about its passage at that meeting.
